ENVIRONMENTAL PROJECT COORDINATOR WITH FOCUS ON CO2 EMISSIONS

Come work as an environmental project coordinator and participate in the development of a young, reliable and growing company, with the opportunity to improve the environmental impact of SEGEA's operations and take part in our vision to offer our clients the possibility to offset their CO2 emissions.

THE COMPANY:

Created in 2011, SEGEA has grown steadily over the years both in volume and turnover in overseas markets, focusing mainly on West & Central Africa, North Africa as well as Middle East.

SEGEA is now a major actor of the meat export markets, certified IFS Broker since 2015 and is a leader in offering logistics solution to its clients.

THE POSITION:

We are looking for a full-time (or part-time) environmental project coordinator with focus on CO2 emissions in order to achieve our aim of offering CO2 offset to our clients for their shipment and be part of the CO2 emissions reductions projects worldwide.

Setting up the project plan, defining the milestones, managing and coordinating the actions with the stakeholders, your input in the project is key to the company's mid-term strategy.

You will report to the Managing Director.

THE LOCATION:

Based in Nicosia, Cyprus, in fully functional and renovated offices.
